ALEXANDRIA INSURANCE COMPANY .- The secual meeting of the Alexandria Insurance Company took place yesterday. The report of the year shows a healthy condition, and the lividend declared (\$2.50 stock, and \$1.00 cash. per share,) proves that the company is well masged, and ought to be more patronized by our citizens. A brief review of what has been no by this, altogether home enterprise, now airs 10th year, will be interesting to our read-It was organized in the Spring of 1871. the tires policy. No. 1, for the sum of \$5,000. was issued to Gregory & Co., on the 20th of April, of said year. At that time it had a cap-del of \$30,875, one fifth of which (\$5.00 per stare,) was paid up in cash. During the fel-lowing year, 1872, 522 new shares, at \$25.00 ach, were subscribed, and one fifth paid in, bereby increasing its capital to the sum of \$43,925. In 1876, new capital to the amount of \$13,350, was added, making it as it now stands, \$57,275. The wonderful part of this empany's record is to follow: During this period of nearly 10 years, the company has paid out to its policy holders for losses alone, the handsome sum of \$35,062.13; more than four times tis original cash capitel. Besides this, it has no reased its shares from \$5.00 per share cash, to \$13.50, an increase of 170 per cant.; and in addition thereto, it has paid back to its stockholders, the sum of \$2.20 per share, or 44 per cant. The company has dealt liberally and paid this leases grownily. all its losses promptly. As a home institution, a should receive the full confidence and support of all our own people. It is estimated that shout \$10,000 sensually, is paid out by Alex addrags on account of fire insurance. Only about one filth of this amount is left in our eity. Now, it one tall of this sum could be paid into the caffers of the Alexandria Insurance Company and the moore is a side here, a mond rebounders the inversal process of all or di zona. There is no reason why this cond not be done. A little teory energy on se part of the stockhol lers and friends of this nely Alexandria enterprise, will do wonders in neeking this company, not only our city's pride, in a prid; and blessing to the whole State.

Dr. Tyng thinks this especially true with reference to religion; and, as an instance of the deteriorating influ-erce which fereign customs and habits transplanted to our soil are capable of exfor s are alway the choisest grades.
